# Safety Data Sheet

See better. Live better.

### Section 1: Identification

**Product identifier** 

**Product Name** 

**Product Code** 

Sight Savers® brand Premoistened Lens Cleaning Tissue

1502GM; 1502GMM; 1502GMS; 1502GMW; 1503GM; 1503GMP; 1504GM;
 1504GMW; 1508GM; 1514GM; 1602M; 1602PC; 1602PCT; 1602SP; 1602TP; 628008;

628016; 628041; 628042; 7102SM; 8574GM

**Product Description** 

• Tissue impregnated with dilute solvent and detergent solution.

Relevant identified uses of the substance or mixture and uses advised against

Recommended use Cleaning tissue for glass and plastic lenses.

Details of the supplier of the safety data sheet

Manufacturer Bausch & Lomb

> 1400 North Goodman Street Rochester, NY 14609

United States

**Emergency telephone number** 

Manufacturer 1-800-535-5053

### Section 2: Hazard Identification

#### **UN GHS**

According to: UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS)

#### Classification of the substance or mixture

**UN GHS** 

 Flammable Liquids 3 Eye Irritation 2A

Label elements

**UN GHS** 

#### WARNING

Hazard statements • Causes serious eye irritation May be harmful if swallowed Flammable liquid and vapour

May cause skin irritation or dryness.

#### Precautionary statements

Preparation Date: 13/January/2011 Format: GHS Language: English (US) **UN GHS** Revision Date: 06/May/2015 Page 1 of 11

Prevention • Keep away from heat, sparks, open flames and/or hot surfaces. - No smoking.

NOT FOR USE ON CONTACT LENSES KEEP OUT OF REACH OF CHILDREN

Response • IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.

**Storage/Disposal** • Store in a well-ventilated place. Keep cool.

Dispose of content and/or container in accordance with local, regional, national, and/or

international regulations.

Other hazards

**UN GHS** No data available

### Other information

Moist white paper tissue impregnated with a dilute solvent and detergent. May cause serious eye irritation. May cause skin irritation or dryness. Ingestion may cause gastric and intestinal irritation.

# Section 3 - Composition/Information on Ingredients

#### Substances

### **Mixtures**

	Composition					
Chemical Name	Identifiers	%	LD50/LC50	Classifications According to Regulation/Directive	Comments	
Isopropyl alcohol	CAS:67-63-0 EU Index:603- 117-00-0 EINECS:200- 661-7	40%	Ingestion/Oral-Rat LD50 • 5045 mg/kg Inhalation-Rat LC50 • 16000 ppm 8 Hour(s) Skin-Rabbit LD50 • 12800 mg/kg	UN GHS: Eye Irrit. 2A; STOT SE 2; STOT SE 3: Narc.	NDA

### Section 4: First-Aid Measures

# Description of first aid measures

Inhalation

 Normal use of this product does not pose an inhalation hazard. However, should respiratory tract irritation develop, discontinue use and remove to fresh air. Get medical attention if irritation or other symptoms develop or persist.

Skin

Should irritation develop, discontinue use. Wash affected skin thoroughly with soap and water. Get medical attention if irritation or other symptoms develop or persist.

Eve

 Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye.

Ingestion

If swallowed, DO NOT induce vomiting. Get medical attention immediately.

# Most important symptoms and effects, both acute and delayed

No data available

# Indication of any immediate medical attention and special treatment needed

**Notes to Physician** 

• Material, if ingested, may be aspirated into the lungs and can cause chemical pneumonitis. Treat appropriately.

### Section 5: Fire-Fighting Measures

### Extinguishing media

Suitable Extinguishing Media . Carbon dioxide, dry chemical powder, appropriate foam or water fog.

**Unsuitable Extinguishing** Media

No data available

# Special hazards arising from the substance or mixture

**Unusual Fire and Explosion** 

**Hazards** 

No data available

**Hazardous Combustion Products** 

During a fire, irritating and highly toxic gases may be generated by thermal decomposition or combustion.

# Advice for firefighters

As in any fire, wear self-contained breathing apparatus and full protective gear to prevent contact with skin and eyes.

## Section 6 - Accidental Release Measures

# Personal precautions, protective equipment and emergency procedures

**Personal Precautions** 

• Wear suitable protective eyewear, clothing, respiratory protection, rubber boots and rubber gloves. Refer to Sections 7 and 8.

**Emergency Procedures** 

Shut off all sources of ignition. Evacuate immediate area. Ensure adequate ventilation.

# **Environmental precautions**

 Prevent spilled material from entering storm sewers or drains, waterways, and contact with soil.

# Methods and material for containment and cleaning up

Containment/Clean-up **Measures** 

 Isolate hazard area. Prevent from entering drains and sewers. Cover with vermiculite or other suitable inert material, pick up and place in closed containers. Transport outdoors and hold for waste disposal. Ventilate area and wash spill site after material pickup is complete. Refer to Section 13 for appropriate disposal procedures.

# Section 7 - Handling and Storage

Preparation Date: 13/January/2011 Format: GHS Language: English (US) Revision Date: 06/May/2015 UN GHS Page 3 of 11

# Precautions for safe handling

### Handling

 Avoid contact with eyes. Avoid prolonged or repeated exposure to skin or mucous membranes, and breathing mists/vapors. Use in a well ventilated area, away from all sources of ignition. Keep container closed. Wash thoroughly with soap and water after handling.

### Conditions for safe storage, including any incompatibilities

### **Storage**

 Store product at room temperature, in a well ventilated area away from heat, sparks or flames. Discard appropriately if package integrity is compromised. KEEP OUT OF REACH OF CHILDREN.

# Section 8 - Exposure Controls/Personal Protection

### Control parameters

	Exposure Limits/Guidelines					
	Result	ACGIH	Canada British Columbia	NIOSH	OSHA	
STE Isopropyl alcohol	STELs	400 ppm STEL	1400 nnm STEI	500 ppm STEL; 1225 mg/m3 STEL	Not established	
(67-63-0)	TWAs	200 ppm TWA	200 ppm TWA	400 ppm TWA; 980 mg/m3 TWA	400 ppm TWA; 980 mg/m3 TWA	

#### **Exposure Control Notations**

**ACGIH** 

### **Exposure Limits Supplemental**

### **ACGIH**

•Isopropyl alcohol (67-63-0): **BEIs:** (40 mg/L Medium: urine Time: end of shift at end of workweek Parameter: Acetone (background, nonspecific)) | **TLV Basis - Critical Effects:** (CNS impairment; eye and upper respiratory tract irritation)

#### **Exposure controls**

**Engineering Measures/Controls** 

**Personal Protective Equipment** 

Respiratory

 No special controls are required under conditions of intended use. Local exhaust ventilation should be provided when handling bulk product.

• No special controls or personal protection required under conditions of intended use. In the event of a bulk spill, and where risk assessment shows that air-purifying respirators are appropriate, a NIOSH (US) or CEN (EU) -certified air-purifying respirator equipped with organic vapor cartridges may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits, when adequate oxygen is present and as a backup to engineering controls. Use a positive pressure air-supplied respirator if there is any potential for an uncontrolled release or any other circumstances where air purifying respirators may not provide adequate protection.

 Avoid contact with the eye. No special controls or personal protection required under conditions of intended use. In the event of a bulk spill, appropriate eye protection should be worn.

- No special personal protection required under conditions of intended use. In the event of a bulk spill, protective rubber gloves should be worn.
- No special personal protection required under conditions of intended use. In the event
  of a bulk spill, wear appropriate protective clothing.
- No special controls are required under conditions of intended use. In the event of a bulk spill, prevent spilled material from entering storm sewers or drains, waterways, and contact with the soil.

Coefficient of water/oil distribution	Not relevant	Bioaccumulation Factor	Not relevant
Bioconcentration Factor	Not relevant	Biochemical Oxygen Demand BOD/BOD5	Not relevant
Chemical Oxygen Demand	Not relevant	Persistence	Not relevant
Degradation	Not relevant		

# **Section 10: Stability and Reactivity**

# Reactivity

• No dangerous reaction known under conditions of normal use.

# **Chemical stability**

• Stable under normal temperatures and humidities.

# Possibility of hazardous reactions

No data available.

Preparation Date: 13/January/2011 Format: GHS Language: English (US) Revision Date: 06/May/2015 UN GHS

### Conditions to avoid

Heat, sources of ignition.

### Incompatible materials

Caustics, strong acids, alkanolamines, strong oxidizing agents, and chlorinated compounds.

### **Hazardous decomposition products**

None known.

### Section 11 - Toxicological Information

# Information on toxicological effects

	Components				
Isopropyl alcohol (40%)	67-63- 0	Acute Toxicity: Ingestion/Oral-Rat LD50 • 5045 mg/kg; Behavioral:Altered sleep time (including change in righting reflex); Behavioral:Somnolence (general depressed activity); Inhalation-Rat LC50 • 16000 ppm 8 Hour (s); Skin-Rabbit LD50 • 12800 mg/kg; Irritation: Eye-Rabbit • 100 mg • Severe irritation; Skin-Rabbit • 500 mg • Mild irritation			
Water (< 60%)	7732- 18-5	Acute Toxicity: Ingestion/Oral-Rat LD50 • >90 mL/kg

# **Potential Health Effects** Inhalation

Acute (Immediate)

**Chronic (Delayed)** 

Skin

Acute (Immediate)

**Chronic (Delayed)** 

- Unlikely to be hazardous when used as directed. However, if actively concentrated and inhaled, it may cause respiratory tract irritation.
- Under normal conditions of use, no health effects are expected.
- Frequent or prolonged contact with skin or mucous membranes may cause irritation.
- Under normal conditions of use, no health effects are expected.

Eye

Acute (Immediate)

**Chronic (Delayed)** 

- Avoid contact with the eye. May cause severe eye irritation.
- Under normal conditions of use, no health effects are expected.

### Ingestion

Preparation Date: 13/January/2011 Revision Date: 06/May/2015

Format: GHS Language: English (US) **UN GHS** 

### Acute (Immediate)

 Not expected to be an exposure route. However, may cause gastric and intestinal irritation if ingested.

### **Chronic (Delayed)**

Under normal conditions of use, no health effects are expected.

Carcinogenic Effects				
CAS OSHA IARC NTP				NTP
Formaldehyde	50-00-0	Specifically Regulated Carcinogen	Group 1-Carcinogenic	Known Human Carcinogen
